EXPERIENCE

Intuit (via Concord) — *Frontend Developer* **Apr 2025 - Aug 2025**

- Redesigned the enterprise initiative management system UI using React, Material UI, and SCSS, improving usability and visual consistency across workflows.
- Built a metadata-driven report builder with React Hook Form, React Query, and Material React Table, enabling nested filters, async dropdowns, and customizable columns for tailored reporting.
- Delivered a scalable, testable frontend architecture leveraging React, Zustand, GraphQL, and Jest.

Concord — *Frontend / Full-Stack Software Consultant* **Aug 2022 - Dec 2024**

- Modernized enterprise UIs with Angular, React, and TypeScript, enhancing accessibility, performance, and user experience for clients including Roche, Patterson Dental, and Intuit.
- Co-led development of a reusable React component library powered by ContentStack's headless CMS and integrated with a Next.js frontend, opening new business opportunities with clients.
- Built an internal Vue.js application using TypeScript, Pinia (state management), and third-party components, establishing scalable architecture and best practices for future client projects.
- Revamped a full-stack timesheet application by upgrading the React UI and integrating Salesforce APIs with Java/Spring Boot and PostgreSQL, significantly improving user experience and functionality.

TECHNOLOGIES

- **Frontend:** React, Next.js, Angular, Vue.js, JavaScript (ES6+), TypeScript, HTML5, CSS, SCSS, Tailwind
- **State Management & Forms:** Redux, Zustand, Pinia, React Hook Form
- **Backend & APIs:** Node.js, Express, Java, Spring Boot, .NET, C#, Python, REST, GraphQL
- **Databases:** PostgreSQL, SQL, MongoDB
- **Testing & QA:** Jest, Cypress
- **Tools & Practices:** Git, Agile / Scrum, CI/CD, Jira

EDUCATION

General Assembly — *Software Engineering Immersive, Full-Stack Web Development*

- Completed a 12-week full-time (60+ hours/week) immersive full-stack software engineering bootcamp.
- Focused on web development concepts, practical use cases, and industry best practices.

McNally Smith College of Music — *B.A. Guitar Performance*

- Earned a Bachelor of Arts with an emphasis on guitar performance and music.
- Developed creative problem-solving, collaboration, and self-motivation skills for success.
